

Ecobuild is the world's largest exhibition and conference for the green build sector. Last year, 55,000 visitors from design and construction met with 1,300 exhibitors showcasing structures and micro-renewables to insulation materials and water management systems. Ecobuild combines this with a conference and seminar program with over 750 expert speakers presenting eco-construction projects from around the world and new industry trends.

Ecobuild is an exceptional source of high quality contacts and launchpad to projects across the UK, Europe and the world. The Official USA Pavilion at Ecobuild 2012 is certified by the U.S. Department of Commerce, underlying its significant in the booming green building sector.

We invite you to join the USA Pavilion from March 20th to 22nd 2012 in London. Looking for new distributors, new clients? The USA pavilion is the perfect way to acquire worldwide representation. We encourage you to reserve your place within the delegation to take advantage of our technical and logistical support.

Exhibiting at the Official USA Pavilion at Ecobuild will provide U.S. companies with excellent opportunities to market their products and services in the UK and Europe. The USA Pavilion exhibitors will also have free access to a wide range of services provide by the U.S. Department of Commerce.
